OBJECTIVE

Undergraduate in Computer Science, with very good skills in software development, problem-solving, and technical projects. Skilled at working on projects in a team and creating technical documentation. Looking for a way to utilize my analytical, research, and communication skills in cybersecurity, risk and compliance, and technology consulting, where I can be challenged to learn and grow.

EDUCATION

- **G.L. Bajaj Institute of Technology and Management** Greater Noida, Uttar Pradesh
B.Tech in Computer Science and Engineering 2023 – 2027
- **Lucknow Public School** Lucknow, Uttar Pradesh
Class XII (CBSE) – 87.5% 2022
- **Lucknow Public School** Lucknow, Uttar Pradesh
Class X (CBSE) – 90.6% 2020

SKILLS

- **Programming:** C++, Python
- **Core Subjects:** DSA, Computer Networks, Cyber Security Fundamentals, Operating Systems
- **Web:** HTML, CSS, JavaScript, React
- **ML/AI:** PyTorch, Deep Learning
- **Tools:** Git, GitHub, Microsoft Word, Excel, PowerPoint
- **Other Skills:** Technical Documentation, Research Analysis, Problem Solving, Presentation Skills

PROJECTS

- **Waste Classification ML Model:** Developed a deep learning model for 11-class waste categorization using PyTorch and ResNet-50. Built and deployed a Flask API for real-time image classification. [GitHub]
- **Smart Waste Management System (SIH):** Designed a multi-portal system (Citizen, Worker, Admin) for waste monitoring and management using React, Node.js, Express and MongoDB. Integrated Leaflet maps for geo-visualization. [GitHub]
- **Sangam Motors Website:** Developed and deployed a responsive business website for a used-car dealership using modern web technologies. Implemented vehicle showcase pages, contact features, and a mobile-friendly design to improve the dealership's online visibility and customer engagement. [Live Demo]
- **SVD-Based Movie Recommendation:** Developed a movie recommendation system using SVD-based collaborative filtering . Predicted user preferences and generated personalized recommendations . [GitHub]

ACHIEVEMENTS AND RESPONSIBILITIES

- **Smart India Hackathon Participant:** Participated with Smart Waste Management System project.
- **Hackathon Leadership:** Led a 6-member team in multiple hackathons, managing development, planning, and successful execution of innovative tech solutions under strict deadlines.

CERTIFICATIONS & BADGES

- **MongoDB University:** Completed MongoDB Basics and Getting Started with MongoDB Atlas.
- **GenAI Powered Data Analytics Job Simulation (Forage):** Hands-on work in EDA, delinquency prediction, AI-driven strategy and storytelling (Oct 2025).
- **Google Skill Boost Badges:** Responsible AI, MLOps: Getting Started, Introduction to LLMs, Introduction to Generative AI.
- **Cisco::** Python Essentials 1, Python Essentials 2, Introduction to Cybersecurity.
